The Town and its planning and development regulation jurisdiction, including any extraterritorial jurisdiction, as now or hereafter fixed, is hereby divided into districts, as established in Article 8 (Zoning Districts) and as shown on the Official Zoning Map which, together with all explanatory matter thereon, is hereby adopted by reference and declared to be a part of this Ordinance. The Official Zoning Map is on file with the Town Clerk and maintained by the *Planning, Zoning & Subdivision Administrator* at the Ranlo Town Hall in accordance with G.S. 160A-77 and G.S. 160A-78.

1.13-2 Map Certification and Changes. If changes are made in district boundaries or other matters portrayed on the Official Zoning Map, such changes shall be entered on the Official Zoning Map.

1.14 Interpretation of District Boundaries

1.14-1 Boundary Interpretation. Where uncertainty exists as to the boundaries of any district shown on the Official Zoning Map, the following rules shall apply in the interpretation of area boundaries and the location of lines shown on the map:

(A.) Centerline: Where a boundary line lies within and follows a street or *alley* right-of-way, a railroad right-of-way, or utility easement, the boundary shall be construed to be in the center of such street or *alley* right-of-way, railroad right-of-way, or utility easement. If such a street or *alley* right-of-way, railroad right-of-way, or utility easement forming the boundary between two separate zoning districts is *abandoned* or removed from dedication, the district boundaries shall be construed as following the centerline of the *abandoned* or vacated road bed or utility easement.

- (B.) Lot Line: Boundaries indicated as approximately following lot lines shall be construed as following such lot lines. In the event that a district boundary line divides a lot or tract, each part of the lot or tract so divided shall be used in conformity with the regulations established by this Ordinance for the district in which said part is located. Split zoning of lots should be avoided to the extent possible, with zoning boundaries following lot lines where feasible.
- (C.) Town Limits: Boundaries indicated as approximately following the Town limits shall be construed as following the Town limits boundary lines.
- (D.) Waterbodies and Watercourses: Boundaries indicated as approximately following the edges and/or centerlines of oceans, bays, sounds, streams, rivers, canals, ponds, lakes, or other bodies of water shall be construed to follow such edges and/or center lines and shall be construed to reflect the naturally occurring changes to the location of the waterbody and/or watercourse which may occur over time.
- (E.) Extensions: Boundaries indicated as parallel to or extensions of street or *alley* rights-of-way, channelized waterways, railroad rights-of-way, utility easements, lot lines, Town limits, or county lines shall be so construed.
- (F.) Scaling: In a case where a district boundary does not coincide with any boundary lines as above and no distances are described by specific ordinance; the boundary shall be determined by the use of the scale appearing on the map. In the case of Flood Hazard Area, Corps of Engineering maps available through the [FRIS](#) website, if available, shall be used for scaling.
- (G.) Other: Where the actual location of existing physical or natural features vary with those shown on the Official Zoning Map, or in other circumstances not addressed in this section, the Board of Adjustment shall have the authority to interpret the district boundaries.

1.15 State of Emergency

The requirements of this Ordinance may be temporarily suspended during federal disaster “state of emergency” declarations by the Executive Office of the President and/or Federal Emergency Management Administration (FEMA) and/or during “Imminent Threat Alert” declared by the U.S. Department of Homeland Security and/or during a state of emergency declared by the Governor of the State of North Carolina and/or by resolution adopted by the Board of Commissioners during a regular, continued, special or emergency meeting of the Board of Commissioners.

Upon authorization by resolution of the Board of Commissioners, the Planning, Zoning & Subdivision Administrator may suspend the application of all or part of the requirements

of this Ordinance as necessary to facilitate public health, safety and welfare during a declared state of emergency whether directly or indirectly affecting the Town of Ranlo.

During the period of declaration and for any period of response and/or recovery thereafter authorized by the Board of Commissioners, all or part of the provisions of this Ordinance may be stayed and activities conducted, including but not limited to temporary housing, emergency response operations and/or command facilities, temporary medical facilities, mobile and/or temporary hospitals, motor/mobile/modular homes for hosting emergency personnel and/or victims, motor/mobile/modular units providing specialized services for healthcare and/or housing, and any other purpose for the provision of relief from the impacts of an emergency affecting all or part of the Town of Ranlo.

A state of emergency resolution shall establish criteria for its expiration and establish guidelines for waiving the provisions of this Ordinance.

Upon the conclusion, lifting, and/or rescinding of the declared “state of emergency” by the authorized federal and/or state official, these rules are reinstated without further action by the Town and shall be in full force and effect unless specified in the resolution adopted by the Board of Commissioners.

Activities not directly associated with the response and/or recovery of the impacts of such reason for declaration of the state of emergency shall meet and comply with the standards and specifications of this Ordinance.
