No application for approval of a special use shall be filed with, or accepted by, the *Planning, Zoning & Subdivision Administrator* that is identical or substantially similar to an application that has been denied by the *Ranlo Board of Adjustment* within one year of the final action by the *Board of Adjustment* denying the request.  - (5.) The phasing shall be consistent with the traffic circulation, drainage, and utilities

plan for the entire master plan for the special use.

(6.) Each phase of the special use must comply with any and all conditions attached to the approval of the special use *zoning permit* by the *Ranlo Board of Adjustment*.

7.8-10 Variances. In issuing special use *zoning permits*, the *Ranlo Board of Adjustment* may prescribe dimensional requirements (height, setback, etc.) that are different from the requirements of the corresponding general zoning classification, and may prescribe development and design standards that are different from those set out in Article 9; provided, that any request for a modification to a dimensional requirement or development and design standard that is less restrictive than would be applicable for the underlying general zoning classification must be specifically described in any notices required for the evidentiary hearing on the special use *zoning permit* application, and must be set out separately in any Ordinance issuing said special use *zoning permit*, together with an explanation of the reason for the modification. Except as modified pursuant to this paragraph, all standards and requirements applicable to the underlying general zoning district must be met. Variances, per Article 6 of this Ordinance, to the standards established by any special use permit shall not be allowed. Minor modifications per Sub-section 7.8-14 of this Article are eligible.

7.8-11 Appeals. An appeal from the decision of the *Ranlo Board of Adjustment* regarding a special use application and *Site Development Plan* may be made by an aggrieved party and shall be made to the Superior Court of the county in which the subject property is located in the nature of certiorari. Any such petition to the Superior Court shall be filed with the court no later than 30 days after a written copy of the decision of the *Board of Adjustment* is received by the applicant.

7.8-12 Permit validity. Approval(s) of a special use *zoning permit* application and *Site Development Plan* shall run with the land and constitute approval of a site-specific vesting plan in accordance with G.S. 160D-108(d) and be valid for a minimum of not less than two (2) years from the date of approval by the *Ranlo Board of Adjustment*. Failure to initiate construction, or otherwise begin the permitted use, within this time shall render the special use approval null and void. Multi-phased development of a special use project containing 25 acres or more remains vested for a period of seven (7) years from the time a site plan approval is granted as authorized in G.S. 160D-108(f).

7.8-13 Failure to Comply with Plans or Conditions. In the event of failure to comply with the plans approved by the *Board of Adjustment* or with any other conditions imposed upon the special use *zoning permit*, the *zoning permit* shall thereupon immediately become void and of no effect. No building permits for further construction or certificates of occupancy under this special use *zoning permit* shall be issued. If a failure to comply with conditions in a special use *zoning permit* occurs after occupancy, the owner, lessee, or other responsible person shall be notified in writing of the violation. No earlier than five days after the receipt of the written notice, the body issuing the special use *zoning permit* may issue a finding of fact that a violation of the requirements of this Ordinance exists. If such finding of fact is made, it shall be unlawful for any person, firm or corporation to continue the special use until the responsible party makes the necessary corrections and the *Board of Adjustment* conducts an evidentiary hearing and finds that the violation no longer exists.

7.8-14 Minor modifications. Minor modifications to the approved special use permit may be approved by the *Planning, Zoning & Subdivision Administrator* per authorization under G.S. 160D-705(c). The minor modifications authorized herein are intended to provide relief where conditions established by the special use permit create a hardship based upon a unique physical attribute of the property itself or some other factor unique to the property which was not known at the time of special use permit approval and which has subsequently rendered the property difficult or impossible to use due to the condition(s) imposed by the special use permit. The special use permit holder shall bear the burden of proof to secure the modification(s). Such modifications shall be limited to the following:

1. A deviation of up to ten percent or 24 inches, whichever is greater, from the approved setback, provided that the conditions for approving a deviation from the required setback established by Article 14 (Flexible Development Standards) of this Ordinance are met.
2. A reduction of up to 25 percent in the number of parking spaces required for the use provided that the proposed development is located within 500 feet of either the Main Street District (MS) or the Mixed Use (MU-1 and MU-2) and on-street parking is available.
3. Any other minor modification in accordance with the limitations and procedures prescribed in this Ordinance, unless restricted by G.S. 16D-703(b), or the special use permit adopted pursuant to this section specifies otherwise.

Any other modifications must be approved by the *Board of Adjustment* as an amendment to the special use permit and may be referred to the Planning Board or *Planning, Zoning & Subdivision Administrator* as appropriate. The *Planning, Zoning & Subdivision Administrator* shall in every case have the discretion to decline to

exercise the power to approve or deny modifications as provided for herein, and may require the applicant to seek an amendment to the Special Use Permit.

- 7.8-15 Special Use Permit recorded. Special Use Permits shall be recorded by the holder of the permit with the Gaston County Register of Deeds within 60 days of approval. Modifications to Special Use Permits shall be recorded in the same manner in which the original permit was recorded.

- 7.9-1 Purpose. Uses listed with additional standards are uses permitted by right, provided that the additional standards set forth in Section 10.1 of this Ordinance are met. The additional standards are intended to ensure that the uses fit the intent of the zoning districts within which they are permitted, and that the uses are compatible with other development permitted within the zoning districts. Review and approval of these uses are the authority of the *Planning, Zoning & Subdivision Administrator*, who has no discretion to modify the additional standards.
